Hourly Consultation Details:

This rate is for an organization or group who would like PeerNetBC staff to provide consultation (for example: if they would like our insight into how to design a peer-based program in their specific context).

Our hourly/consultation rates are usually meant for one on one, particularly focused work.

PeerNetBC Rates

*We regretfully recognize that not all groups have equitable access to tech resources. As a result, online workshops may not be accessible to everyone.

**Due to COVID-19 and the transition of our interactive curriculum to an online format, PeerNetBC is only offering limited topics for our Basic Workshops. Please see our website for our updated topics.

About Our Rates

PeerNetBC offers our services on a wide sliding scale. Our sliding scale is an intentional effort to distribute resources equitably between organizations we work with and to support and strengthen groups doing peer-led, decolonizing, and anti-oppression focused work. Paying at the higher end of the scale, the Standard rate covers all associated costs and makes it possible for PeerNetBC to work with grassroots community groups at less cost to them. In providing our services at the Grassroots and Equity-Seeking Groups Rate, we prioritize groups and organizations that are BIPOC-led, youth-led, decolonizing, and / or made up of individuals and communities that face multiple-barriers.

Cost Adjustments

Workshop rates may be increased depending on a number of factors including: more than 15 workshop participants, the level of customization requested, if more than two facilitators are needed, the level of prepping or debriefing required, if more technical support is needed, and if additional accessibility services are needed.

Workshop rates may also be reduced if we are doing multiple workshops for the same organization.

We are also open to negotiating lower rates than those listed. In providing our services at the Grassroots and Underfunded Groups Rate or below, we prioritize groups and organizations that are BIPOC-led, youth-led, decolonizing, and / or made up of individuals and communities that face multiple-barriers.

Workshop Cancellation Fees & Refunds

Within 30 days (of the first session) we require payment of: 25% total fee Within 14 days: 50% payment/refund

Within 5 business days: 100% payment or 0% refund

To postpone a workshop, the contracting group must immediately schedule new dates with PeerNetBC and cover all incidental costs incurred to that point, including fees owing to contracted PeerNetBC facilitators.

Accessibility

Making our workshops as accessible and inclusive as possible is a priority for PeerNetBC. We are committed to working with ASL interpreters and/or live closed captioners as part of our accessibility practice, with at least one month's notice and with additional costs. We are also open to and encourage other accessibility requests from workshop hosts. Please communicate accessibility requests well in advance of the workshop date.
